

# BRILLIANT MEDICINE

MEANS HAVING THE RIGHT MRI  
FOR EVERY PATIENT

WE BRING BRILLIANCE TO HEALTH & WELLNESS

## WE'RE SHINING A LIGHT ON HIGH- QUALITY IMAGING WITH A FOCUS ON THE PATIENT EXPERIENCE

### OUR IMAGE-QUALITY GUARANTEE

RAYUS Radiology subspecialized radiologists have read open MRI scans for over a decade. And have developed custom protocols for each scanner, ensuring the best image quality is obtained.

If you require more detailed images of a particular case, we will scan the patient on another MRI at no additional charge.

### BEST OPTIONS FOR PATIENTS

- Our dedicated staff is specifically trained to work with your patient and schedule the exam they need on the right scanner for them
- With our open MRI options, we can scan claustrophobic patients and bariatric patients, along with patients who cannot lie down due to pain
- In order to reduce anxiety, patients are given extra time to ensure comfort and are welcome to view the MRI equipment prior to the exam
